## Financial and Operational Review (continued)

## b) Operating Review

#### **Quinchia Gold Portfolio Colombia**

In June 2016 the Company completed the acquisition of Miraflores Compania Minera ("Miraflores Compania") from RMB Resources Australia Pty Ltd. Miraflores Compania owns 100% of the Quinchia Gold Portfolio located within Colombia's Middle Cauca Belt approximately 90km WNW of the Colombian capital of Bogota and 55 km to the north of Pereira, the capital of the Department of Risaralda.

The Quinchia Portfolio contains several gold deposits and exploration prospects including Miraflores, Dosquebradas, Tesorito and Chuscal.

A review of the Columbian concessions during the half year, resulted in the decision to relinquish a number of concessions and, in line with the Company's accounting policies, to impair some of the capitalised exploration on certain concessions.

During the half year period a 1,500m diamond drilling program was commenced at Tesorito, part of the Quinchia Gold Portfolio. Results from the program were announced in August 2018 and included best intercept of 64m @ 1.67g/t Au from 144m within 253m @ 1.10 g/t from 2.9m from hole TS-DH-07 (refer ASX announcement of 30 August 2018).

Negotiations commenced with the owner of the Chuscal licence applications to form a joint venture. These discussions are ongoing as at the date of this report.

The Company submitted the Plan of Work ("PTO") to the Colombian Mining Agency for mine development approval for the Miraflores Gold Project in January 2018. Colombian regulations require both the PTO and Environmental Impact Assessment approvals prior to commencement of operations. As at the date of this report, approval of the PTO is awaited.

The critical path for the development of the project remains the completion of the EIA, including the validation of the impacts on the local communities and the gaining of the social licence for the project. Final, seasonal water monitoring was completed during the quarter and will inform the EIA submission.

## Mollacas, Vallecillo, Loica Projects, Chile

These projects remained on care and maintenance during the reporting period.

#### **Statement of Compliance**

This general-purpose financial report for the half year ended 30 June 2018 has been prepared in accordance with the requirements of the Corporations Act 2001 and AASB 134 Interim Financial Reporting.

This interim financial report does not include all the notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual report for the year ended 31 December 2017 and any public announcements made by Metminco Limited during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

#### **Significant Accounting Policies**

The accounting policies applied by the consolidated entity in this condensed consolidated interim financial report are consistent with those applied by the consolidated entity in its annual financial report for the year ended 31 December 2017 other than as stated below.

#### Going concern basis of accounting

The Consolidated Group incurred a net loss after tax of \$5,598,767 (30 June 2017: \$30,727,034), has net cash used in operations (including payments for exploration) of \$2,559,922 during the half-year ended 30 June 2018 (30 June 2017: \$1,673,133) and has a cash balance of \$1,705,998 as at that date (30 June 2017: \$6,349,931).

It also has net current assets of \$562,365 (31 December 2017: \$329,866) and net assets of \$9,940,819 (31 December 2017: \$8.591,789).

Although the Group has taken steps to ensure its outgoing expenditure is at the minimum levels required to maintain its projects in good standing and meet its governance, compliance and ASX listing obligations, additional funding will be required within the next 12 months to meet these obligations. The Company reviewed various capital raising options to underpin the continued solvency of the business. It has entered into an unsecured loan facility arrangement on 13<sup>th</sup> September 2018 with private investors to the value of \$500,000 at a 12% coupon rate paid quarterly maturing 6 months from date of issue or earlier by the Company on 30 days' notice or on completion of a proposed capital raising.

The Company is planning to initiate a placement using its 15% capacity under Listing Rule 7.1 to sophisticated and professional investors. This placement is to be completed after receiving shareholder approval at the Extraordinary General Meeting of Shareholders to be held on 14<sup>th</sup> September 2018.

Following completion of the placement, the Company will seek further funding to support its working capital and business development.

If these capital raising initiatives do not materialise, then there is possibility that the Group may not be able to raise the additional financing required, which gives rise to a material uncertainty that may cast significant doubt upon the Group's ability to continue as a going concern.

Notwithstanding the material uncertainty the Directors are satisfied that the Company and Group have sufficient cash reserves together with its strategies as alluded to above to maintain its current portfolio and meet its debts as and when they fall due. Therefore, these financial statements have been prepared on a going concern basis.

For the half year ended 30 June 2018

Report on the review of the half year financial report

#### Conclusion

We have reviewed the accompanying half year financial report of Metminco Limited (the 'Company'), which comprises the consolidated statement of financial position as at 30 June 2018, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the half year ended on that date, a description of accounting policies, other selected explanatory notes, and the directors' declaration of the consolidated entity comprising both the Company and the entities it controlled at the half-year end or from time to time during the half year.

Based on our review, which is not an audit, nothing has come to our attention that causes us to believe that the half year financial report of Metminco Limited does not give a true and fair view of the financial position of the Company as at 30 June 2018, and of its financial performance and its cash flows for the half year ended on that date, in accordance with the *Corporations Act 2001*, including complying with Accounting Standard AASB 134 *Interim Financial Reporting*.

# Material uncertainty related to going concern

We draw attention to Note 1, in the financial report, which indicates that the consolidated entity incurred a net loss of \$5,598,767 during the half year ended 30 June 2018 and has net cash used in operations (including payments for exploration) of \$2,559,922 during the half-year ended 30 June 2018 and has a cash balance of \$1,705,998, as of that date. These conditions, along with other matters set forth in Note 1, indicate the existence of a material uncertainty which may cast significant doubt about the Group's ability to continue as a going concern and therefore, the Group may be unable to realise its assets and discharge its liabilities in normal course of business, and at the amounts stated in the financial report. Our report is not modified in relation to this matter.

#### Directors' responsibility for the half year financial report

The Directors of the Company are responsible for the preparation of the half year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the Directors determine is necessary to enable the preparation of the half year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

#### Auditor's responsibility

Our responsibility is to express a conclusion on the half year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 30 June 2018 and its performance for the half year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Metminco Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Independence

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001.
